Subject: Please Do Not Approve the "Bank of Wal-Mart"
Date: Thursday, April 06, 2006 7:23:58 AM
Attachments:

Dear Mr. Gruenberg and Board Members,

Allowing Wal-Mart to expand its already immense and damaging influence and power in the U.S. economy would be a dangerous and damaging thing to do. It would engorge a company that already uses its overarching control to force jobs out of the U.S., to lower wages, benefits and working conditions of American citizens in the communities where it operates, and to take advantage of U.S. government support for low income people to subsidize its profits.

Please do not give such power into the hands of a proven violator of the principles that can make our country a decent place to live and work.

Thank you,
Maureen Sheahan
